GOLD DUST FEET

THE SOLID GROUND

INTRO – TALKBOX

Gold dust, gold dust
Walk with me now

VERSE 1

I was runnin' laps in a borrowed crown
Every mirror in my room kept lettin' me down
Then grace kicked the door like a marching band
Put a lamp in my chest and a map in my hand
Now I'm movin' different, I'm walkin' tall
Got a King on my side and He covers it all
No hype, no hustle, no trying to impress
I'm a mess made new, call it holy finesse

PRE-CHORUS

Can you hear that knock? (knock knock)
Can you feel that drop? (drop drop)

CHORUS

Gold dust on my feet, everywhere I go
Jesus in the street, let the whole block know
Mud to the gold, He flipped my soul
Say His name, say it loud (JESUS!)
Gold dust on my feet, I can't hide that glow
Shake the ground with the beat, let the whole world know
Mud to the gold, He flipped my soul
Say His name, say it loud (JESUS!)

VERSE 2

Mama prayed late with the porch light on
Pops worked double, never sang a song
But I saw love in the callus and the tired eyes
So I honor them both every time I rise
Neighbor down the road, yeah, I'm lookin' out
Fill your cup up first, then I pour it out
Little brother watchin', so I'm walkin' right
I'm a candle in the window on a long dark night

BRIDGE – STRIPPED, THEN BUILDING

Nail-scarred hands pulled me out the pit
Wrote my name where the grave can't quit
Every chain on the floor, every door swung wide
Ain't nothin' gonna steal what He put inside
(Clap!) Ain't nothin'
(Clap!) Ain't nothin'
(Clap!) Ain't nothin'
Gonna steal this joy!

FINAL CHORUS – KEY CHANGE, HORNS

Gold dust on my feet, everywhere I go
Jesus in the street, let the whole block know
Mud to the gold, He flipped my soul
Say His name, say it loud (JESUS!)

OUTRO – TALKBOX

Gold dust, gold dust
Mud to the gold
Say His name
